India

Objective

To leverage my skills in software development, especially in web technologies, to drive innovative solutions for real-world problems as a highly motivated diploma holder in Information Technology.

Education

Diploma in Information Technology   *Completed: 2025*
Govt. Polytechnic Kashipur   U S Nagar,india
M S K Govt. I C Syunsi   *Completed: 2022*
Class 12th (Science)   Pauri Garhwal, India
Govt. H.S. Padinda   *Completed: 2020*
Class 10th   Pauri Garhwal,India

Projects

Inventory Management System
Developed a Python-based inventory management system as a minor project for the college IT department, enabling real-time stock tracking, automated alerts, and efficient equipment allocation. Improved inventory accuracy and reduced manual errors.

Student Course & Certificate Management System
Developed a Python-based desktop app using Tkinter and SQLite3 to manage student enrollments, course records, and auto-generate PDF certificates with email delivery and unique ID verification.

College Website
Designed and developed a simple, responsive college website using HTML and CSS. The website includes sections like Home, About, Courses, Gallery, and Contact Us, providing essential college information with a clean UI and smooth navigation. This project helped build a strong foundation in front-end web development.

Technical Skills

Productivity Tools: Excel, MS Office,MS Word
Programming Languages: Java, python,c,c#
Web Development: HTML, CSS, JavaScript
Database: SQL
Version Control: Git & GitHub

Soft Skills

Problem-solving: Strong problem-solving and analytical abilities.
Communication: Excellent communication and teamwork skills, demonstrated in collaborative projects.
Learning: Quick learner with a passion for adapting to new technologies.

Achievements

- Secured 80% marks with 'Excellent' grade in Diploma (Information Technology).
- Developed 3+ technical projects including a Python-based certificate system and inventory tool.
- Created a responsive college website using HTML & CSS.
- Recognized for strong academic performance and practical skills.
- Participated in a Uttarakhand-based TV reality show for singing; achieved Prathama in music.

Hobbies

Badminton: Regularly participate in local tournaments and events.
Technology: Passionate about software and web development, constantly exploring new frameworks, tools, and best practices to build efficient and innovative solutions.
Singing: Classically trained (3 years) & reality show participant (Uttarakhand). Passionate about music.
